

Pest Compliance Map

Every pest control requirement on this reference, in one place: what the authority requires, the record that shows it was met, how often, and who the text names as responsible. It covers the federal detention standards and the jail pest provisions of 30 states. Set your facility's profile and the map keeps only the authorities that reach it. Print it, download it as a PDF checklist, or export it as a spreadsheet.

This map lists what each authority's text requires and the record that would show it. It is not a determination that any facility complies, and it is not legal advice. Which authorities govern a facility is set by its jurisdiction, its operator, and its agreements. Every requirement links to the authority page that quotes the source.

Facility: _____ Reviewed by: _____ Date: _____

Profile: All authorities

Authorities for this profile

Requirements and proof records

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

OSHA 29 CFR 1910.141

Federal

☐	Build, equip, and maintain every enclosed workplace to keep vermin out and deny them harborage, so far as reasonably practicable. OSHA 29 CFR 1910.141, 1910.141(a)(5)	Exclusion and structural repair work orders; harborage findings closed out	Ongoing	Not named in the text
☐	Once vermin are detected, institute a continuing and effective extermination program. OSHA 29 CFR 1910.141, 1910.141(a)(5)	Detection record (date, location); program start date; continuing service records; follow-up findings showing effect	On detection, then continuing	Not named in the text

FDA Food Code 2022

Federal

☐	Keep the food establishment premises free of insects, rodents, and other pests. FDA Food Code 2022, §6-501.111	Inspection findings showing no activity, or activity with corrective action	Ongoing	Not named in the text
☐	Routinely inspect incoming shipments of food and supplies. FDA Food Code 2022, §6-501.111(A)	Receiving logs noting pest checks	Routinely; each delivery in practice	Not named in the text
☐	Routinely inspect the premises for evidence of pests. FDA Food Code 2022, §6-501.111(B)	Dated premises inspection logs or monitoring device checks	Routinely (frequency not set)	Not named in the text

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	If pests are found, use control methods such as trapping devices or other means of pest control. FDA Food Code 2022, §6-501.111(C) (Priority Foundation)	Treatment records: date, method, product, applicator	When pests are found	Not named in the text
☐	Eliminate harborage conditions. FDA Food Code 2022, §6-501.111(D)	Harborage findings with repair or sanitation work orders	Ongoing	Not named in the text
☐	Insect electrocution or stun devices retain the insects and are not installed over food preparation areas. FDA Food Code 2022, §6-202.13	Device map showing placement; maintenance records	At installation, then ongoing	Not named in the text

BOP P1614.01 Occupational Safety

Federal detention and corrections

☐	Keep a written pest control plan that includes pest inspections and pesticide application logs. BOP P1614.01 Occupational Safety, §§1.c, 47	The written pest control plan	Written plan	Each institution
☐	Inspect throughout the institution monthly for insects, rodents, or vermin; document it; keep records three years. BOP P1614.01 Occupational Safety, §47.a	Monthly inspection records kept in the OSH Department for at least three years	Monthly; retain 3 years	Occupational Safety and Health Department (keeps the records)
☐	Log every pesticide application, staff or contractor: date, area, pesticide type, applicator signature. Keep three years. BOP P1614.01 Occupational Safety, §47.b	Pesticide application log	Each application; retain 3 years	Occupational Safety and Health Department (keeps the logs)

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Restricted-use products only by a licensed contractor; SDS on file for every pesticide used. BOP P1614.01 Occupational Safety, §47	Contractor license; SDS file	Each restricted-use application	Licensed contractor
☐	Institution Duty Officer inspects all areas weekly on form BP-A0506 (fire/safety and sanitation). BOP P1614.01 Occupational Safety, §6.a	Completed BP-A0506 forms	Weekly	Institution Duty Officer
☐	Institution Safety Committee meets quarterly and reviews pest control. BOP P1614.01 Occupational Safety, §5.a	Committee minutes showing pest control reviewed	Quarterly	Institution Safety Committee

BOP P4700.08 Food Service Manual

Federal detention and corrections

☐	Inspect incoming shipments and the department for pests, and report findings to the Safety Department; control if found; eliminate harborage. BOP P4700.08 Food Service Manual, Ch. 11 §18(a)	Food Service pest inspections and the findings reported to Safety	Routinely (frequency not set)	Findings go to the Safety Department
☐	Protect outer openings: gaps sealed, windows closed or screened, solid self-closing doors, air curtains where delivery doors stay open. BOP P4700.08 Food Service Manual, Ch. 11 §18(c)	Exclusion work orders; door and air-curtain condition	Ongoing	Not named in the text
☐	Refuse receptacles insect- and rodent-resistant and cleaned as often as needed to avoid attracting pests. BOP P4700.08 Food Service Manual, Ch. 11 §17(a), (c)	Receptacle condition and cleaning records	As often as necessary	Not named in the text

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

ICE PBNDS 2011 Standard 1.2

Federal detention and corrections

☐	Pests and vermin are controlled and eliminated (expected outcome). ICE PBNDS 2011 Standard 1.2, II.12	Inspection findings and corrective actions	Ongoing	Not named in the text
☐	Contract licensed pest-control professionals for monthly inspections to identify and eradicate rodents, insects, and other vermin. ICE PBNDS 2011 Standard 1.2, V.A.4	The contract; provider license; monthly inspection reports	Monthly, under contract	Facility administrator
☐	The contract includes a preventive spraying program for indigenous insects and callback services as necessary. ICE PBNDS 2011 Standard 1.2, V.A.4	Contract scope; callback records	In the contract; callbacks as needed	Facility administrator
☐	Tight-fitting exterior doors with door sweeps (written as "should"). SHOULD ICE PBNDS 2011 Standard 1.2, V.A.4	Door and sweep condition records; work orders	Ongoing	Not named in the text
☐	Maintenance supervisor purchases, stores in a locked area, and dispenses all pesticides; EPA-unapproved pesticides prohibited. ICE PBNDS 2011 Standard 1.2, V.B.10(g)	Pesticide purchasing, locked-storage, and dispensing log	Ongoing	Maintenance supervisor
☐	Staff responsible for herbicides hold a current state license as a certified private applicator. ICE PBNDS 2011 Standard 1.2, V.B.10(h)	Current applicator license on file	Current at all times	Maintenance supervisor or other responsible staff

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
<u>ICE PBNDS 2011 Standard 4.1</u> Federal detention and corrections				
☐	The Food Service Administrator is responsible for food service pest control, including contracting an outside exterminator as necessary. ICE PBNDS 2011 Standard 4.1, V.J.10	Designated FSA; exterminator contract if used	Ongoing	Food Service Administrator
☐	Air curtains or comparable devices on outside doors where food is prepared, stored, or served. ICE PBNDS 2011 Standard 4.1, V.J.10	Air curtain inventory and function checks	Ongoing	Not named in the text
☐	Maintain premises so insects and rodents cannot feed or nest; protect outside openings. ICE PBNDS 2011 Standard 4.1, V.J.5(k)	Sanitation and exclusion findings with work orders	Ongoing	Not named in the text
☐	Refuse containers covered, insect- and rodent-proof, and frequently cleaned. ICE PBNDS 2011 Standard 4.1, V.J.5(j)	Container condition and cleaning records	Frequently	Not named in the text
☐	Inspect every incoming shipment for pest infestation, including the middle of the pallet. ICE PBNDS 2011 Standard 4.1, V.K.3(a)	Receiving logs noting pest checks	Each delivery	Not named in the text
☐	Store food at least six inches off the floor and away from walls for pest control. ICE PBNDS 2011 Standard 4.1, V.K.3(d)	Storage layout; inspection notes	Ongoing	Not named in the text

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Seal dry storeroom wall, ceiling, and floor openings; keep the room free from rodents and vermin. ICE PBNDS 2011 Standard 4.1, V.K.7(b)–(c)	Dry storeroom inspections; sealing work orders	Ongoing	Not named in the text
<u>ICE NDS 2019 Standard 1.1</u> Federal detention and corrections				
☐	Control and eliminate pests and vermin and the conditions that give them food, shelter, breeding sites, or harborage. ICE NDS 2019 Standard 1.1, II.E	Inspection findings; conducive-condition work orders	Ongoing	Not named in the text
☐	Notify ICE/ERO immediately in the event of insect or rodent infestation. ICE NDS 2019 Standard 1.1, II.E	Dated notification to ICE/ERO	Immediately on infestation	The facility
☐	A detainee infested with head lice is not served in barber operations and is reported to the medical authority. ICE NDS 2019 Standard 1.1, II.H.1.e	Barber log; medical referral	Each case	Barber operations; medical authority
<u>ICE NDS 2019 Standard 4.1</u> Federal detention and corrections				
☐	The facility is responsible for pest control in the food service department. ICE NDS 2019 Standard 4.1, II.I.8	Food service pest control service records	Ongoing	The facility
☐	Prepare and serve food in compliance with the most recent FDA food code and/or applicable local standards. ICE NDS 2019 Standard 4.1, II.E.2	Food Code inspection results	Ongoing	Not named in the text

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Inspect every incoming shipment for pest infestation. ICE NDS 2019 Standard 4.1, II.J.2(a)	Receiving logs noting pest checks	Each delivery	Not named in the text
☐	Refuse containers covered, cleaned frequently, and insect and rodent proof. ICE NDS 2019 Standard 4.1, II.I.5(j)	Container condition and cleaning records	Frequently	Not named in the text

USMS FPBDS Version 12

Federal detention and corrections

☐	Control vermin and pests through monthly inspections and treatment by a qualified pest control technician. USMS FPBDS Version 12, F.2.4	Monthly inspection and treatment records; technician qualification	Monthly	Qualified pest control technician
☐	Weekly sanitation inspection of all areas; monthly safety/sanitation specialist inspection; annual health inspection, with independent proof past deficiencies were corrected. USMS FPBDS Version 12, F.2.2	Weekly, monthly, and annual inspection records; independent correction documentation	Weekly, monthly, annually	Qualified staff; safety/sanitation specialist; health officials
☐	Report non-compliance found in sanitation inspections and implement corrective action. USMS FPBDS Version 12, F.2.3	Deficiency reports with corrective actions	Each finding	Not named in the text
☐	Food Service Administrator or designee inspects all food service areas daily. USMS FPBDS Version 12, D.1.2	Daily food service inspection records	Daily	Food Service Administrator or designee
☐	An independent, outside source reviews food service against governmental health and safety codes; corrective action documented. USMS FPBDS Version 12, D.1.3	Independent review report; corrective actions	Frequency not stated	Independent, outside source

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

Utah Correctional Standards (FY27 Secure)

Utah

☐	Documented facility inspections at least weekly, with pest/vermin control among the areas of interest. Utah Correctional Standards (FY27 Secure), E-03	Weekly inspection records noting pest/vermin findings	Weekly, under a written policy	The facility
☐	Remove inmates from areas where pests or vermin create a risk of illness. Utah Correctional Standards (FY27 Secure), E-03(B)	Record of any relocation and the finding behind it	When risk exists	The facility
☐	Weekly health, safety, and sanitation inspections of food service; records and corrective actions kept at the facility. Utah Correctional Standards (FY27 Secure), G-04	Weekly food service inspection records and corrective actions	Weekly	Administrator or designee and food service manager
☐	The health inspector having jurisdiction inspects the food service area at least once a year; the facility keeps the records and actions taken. Utah Correctional Standards (FY27 Secure), G-05	Annual health inspection report; actions taken	At least annually	Health inspector (inspects); facility (keeps records)
☐	Written policy and procedures to control vermin in inmates' personal clothing; infested clothing cleaned, disinfected, or stored closed. Utah Correctional Standards (FY27 Secure), I-01(F)	The written policy; laundry records of infested items	Written policy; each case	Facility administrator
☐	The Department of Corrections inspects facilities monthly for compliance with the standards. Utah Correctional Standards (FY27 Secure), Introduction	Proof of compliance ready for the UDC inspector	Monthly (UDC)	Utah Department of Corrections

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

Utah R392-100 Food Service Sanitation

Utah

☐	Utah adopts the 2022 FDA Food Code, including §6-501.111, for food service; jails and prisons are not on the exemption list. Utah R392-100 Food Service Sanitation, R392-100-4(1)(b)	Local health department inspection reports for the kitchen	Ongoing; per health department inspection	Not named in the text
--------------------------	---	--	---	-----------------------

Utah R68-7 Pesticide Control

Utah

☐	Contracted providers hold a Utah commercial applicator license in the categories the work needs; Category 7 names prisons. Utah R68-7 Pesticide Control, R68-7-7(7), R68-7-9	License verification in the contractor file (categories 7, 12, 15 as the work requires)	At award and each renewal	Commercial applicator (holds the license)
☐	Every commercial application recorded within 24 hours with the nine required elements; kept at least two years. Utah R68-7 Pesticide Control, R68-7-11(11)	Service tickets carrying all nine elements	Each application; retain 2 years	Commercial applicator
☐	Staff applying restricted use pesticides for a government entity need a non-commercial applicator license. Utah R68-7 Pesticide Control, R68-7-12(1)(a)	Staff applicator licenses	Before any restricted use application	The applicator

Salt Lake County Health Regulation #34

Utah

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Effective measures against rodents, flies, cockroaches, bedbugs, lice, and other insects; premises free from harborage. Salt Lake County Health Regulation #34, 4.4.8(i)	Service records; harborage findings closed out	Ongoing	Not named in the text
☐	Every exterior opening has an effective, tight-fitting barrier kept in good repair. Salt Lake County Health Regulation #34, 4.4.8(ii)	Exclusion work orders; door and screen condition	Ongoing	Not named in the text
☐	Apply pesticides only by label directions; store them in a dedicated room or cabinet. Salt Lake County Health Regulation #34, 4.4.8(iii), 4.5.5(iii)	Labels and application records; storage location	Each application	Not named in the text
☐	Insect- and rodent-resistant waste containers, cleaned to minimize attraction. Salt Lake County Health Regulation #34, 4.4.7	Container condition and cleaning records	Ongoing	Not named in the text
☐	The health department inspects at least annually and records findings on an inspection report form. Salt Lake County Health Regulation #34, 6.1, 6.4	Annual health department inspection report	At least annually	Health department Director

Utah Code 63G-2-301 (GRAMA)

Utah

☐	Contracts, contractor service records, correctional standards, and inspection results are normally public records. Utah Code 63G-2-301 (GRAMA), 63G-2-301(3)(d), (3)(u)	Records organized so a request can be answered	On request	The governmental entity
--------------------------	---	--	------------	-------------------------

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

Ohio Adm.Code 5120:1-8-05

Other states

☐	Weekly sanitation inspections by a designated staff person. Ohio Adm.Code 5120:1-8-05, 5120:1-8-05(B)	Weekly sanitation inspection records	Weekly	Designated staff person
☐	Monthly sanitation, vermin, and safety inspections of all areas by a designated trained staff person. Ohio Adm.Code 5120:1-8-05, 5120:1-8-05(C)	Monthly inspection records; inspector training	Monthly	Designated trained staff person
☐	Annual inspection by local or state health authorities with a written report and a written corrective plan. Ohio Adm.Code 5120:1-8-05, 5120:1-8-05(E)	Annual health inspection report; corrective plan	Annually	Local or state health authorities

Virginia 6VAC15-40-1150

Other states

☐	Control vermin and pests; service at least quarterly by a licensed pest control business or VDACS-certified personnel. Virginia 6VAC15-40-1150, 6VAC15-40-1150	Quarterly service records; provider license or certification	At least quarterly	Licensed pest control business or certified personnel
--------------------------	---	--	--------------------	---

Arkansas 12 CAR Part 50 (Minimum Standards for Adult Criminal Detention Facilities)

Other states

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	At search, check each detainee for lice or other pests (written as "should") and enter all findings in the personal record. SHOULD Arkansas 12 CAR Part 50 (Minimum Standards for Adult Criminal Detention Facilities), §50-506(a)	Intake records showing the lice and pest check	At intake search	Not named in the text
☐	Delouse a lice-infested detainee by methods the Department of Health recommends. Arkansas 12 CAR Part 50 (Minimum Standards for Adult Criminal Detention Facilities), §50-506(d)	Delousing records and the Department of Health method used	Each case	Not named in the text
☐	Only the chief executive may allow outside food, under rigid controls so the facility does not become infested. Arkansas 12 CAR Part 50 (Minimum Standards for Adult Criminal Detention Facilities), §50-1107(b)	Written exceptions and the controls applied	Each exception	Chief executive
☐	Food service, contracted or on site, conforms to the Department of Health food service establishment rules. Arkansas 12 CAR Part 50 (Minimum Standards for Adult Criminal Detention Facilities), §50-1103(a)	Food service inspection reports	Ongoing	Not named in the text

California 15 CCR §§1212, 1264, 1280 (Title 15 Minimum Standards)

Other states

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	The responsible physician writes a plan, and signs medical protocols, for treating vermin-infested persons and their contacts. California 15 CCR §§1212, 1264, 1280 (Title 15 Minimum Standards), 15 CCR §1212	The §1212 plan and the signed medical protocols	Written plan; each case	Responsible physician
☐	Policies to stop vermin spreading through personal clothing; infested clothing cleaned, disinfected, or stored closed. California 15 CCR §§1212, 1264, 1280 (Title 15 Minimum Standards), 15 CCR §1264	Clothing policies and laundry records	Written policy; each case	Facility administrator
☐	A regular schedule of housekeeping and inspections to find and correct unsanitary conditions. Pests, frequency, and provider are not named. California 15 CCR §§1212, 1264, 1280 (Title 15 Minimum Standards), 15 CCR §1280	The housekeeping and inspection schedule and its correction records	Regular schedule (frequency not set)	Facility administrator
☐	Kitchens follow the Retail Food Code, which requires food facility premises to be kept free of vermin. California 15 CCR §§1212, 1264, 1280 (Title 15 Minimum Standards), Health & Safety Code §114259.1, via 15 CCR §1245(a)	Kitchen inspection reports under the Retail Food Code	Ongoing	Not named in the text
☐	The county health officer investigates health and sanitary conditions in the county jail at least once a year. California 15 CCR §§1212, 1264, 1280 (Title 15 Minimum Standards), Health & Safety Code §101045(a)	The county health officer's annual inspection report	At least annually	County health officer

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

Standards for Colorado Jails, Topic O, Standard 1

Other states

☐	A policy to mitigate and to respond to pest and vermin control issues. Standards for Colorado Jails, Topic O, Standard 1, Topic O, Std. 1(6)(a)	The written pest and vermin policy, showing both mitigation and response steps; pest complaints tied to work orders and closure	Written policy	The jail
☐	Comply with all inspections required by local or state health authorities. Standards for Colorado Jails, Topic O, Standard 1, Topic O, Std. 1(6)(b)	Local or state health authority inspection reports	As the health authority requires	The jail
☐	Remove garbage and refuse from confinement areas daily, into durable, cleanable containers that do not attract or allow breeding of rodents or other vermin. Standards for Colorado Jails, Topic O, Standard 1, Topic O, Std. 1(5)(a)	Waste-handling schedule; container condition records	Daily removal	Not named in the text
☐	Solid waste disposal must not attract or allow the breeding of vermin. Standards for Colorado Jails, Topic O, Standard 1, Topic O, Std. 1(5)(d)	Solid waste disposal practice and site condition	Ongoing	Not named in the text

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Processes for sanitation and vermin inspections, with inspections at least quarterly by a local pest control business or certified pest controller (a best practice, written as "should" and "may"). SHOULD Standards for Colorado Jails, Topic O, Standard 1, Recommendations/Best Practices (3)	Inspection and service records, quarterly by a pest control business or certified pest controller	At least quarterly (recommended)	The jail
<u>Florida Model Jail Standards 14.12</u> Other states				
☐	Keep detention facilities free of all insects and rodents. Florida Model Jail Standards 14.12, 14.12	Inspection and service findings showing no activity, or activity with corrective action	Ongoing	Not named in the text
☐	Maintain a vermin control program in all areas on a scheduled basis. Florida Model Jail Standards 14.12, 14.12	The scheduled vermin control program and service records matching it	On the facility schedule	Not named in the text
☐	Seal or screen every outside opening against insects and rodents. Florida Model Jail Standards 14.12, 14.12	Records of sealed or screened outside openings	Ongoing	Not named in the text
☐	Apply every pesticide by its registered label. Florida Model Jail Standards 14.12, 14.12	Pesticide application records showing label compliance	Each application	Not named in the text
☐	Restricted use pesticides only by Florida-certified persons; a facility without certified operators uses a commercial licensed pest control company. Florida Model Jail Standards 14.12, 14.12	Commercial licensed pest control contract and license, or certification of in-house operators	At contract award and renewal	Commercial licensed pest control company, or certified in-house operators

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Locked storage, separate from food supplies, for insect and rodent spray and other poisons. Florida Model Jail Standards 14.12, 8.9 (serious-violation item)	The locked storage location, separate from food	Ongoing	Not named in the text
☐	A formal sanitation inspection at least weekly; substantial deficiencies recorded and corrected. Florida Model Jail Standards 14.12, 14.16	Weekly sanitation inspections and corrections	At least weekly	Officer-in-Charge or designee
☐	Jail standards inspections at least twice a year, at least 120 days apart. Florida Model Jail Standards 14.12, Fla. Stat. § 951.2302(3)	The twice-yearly Florida Model Jail Standards inspection reports	Twice a year, 120+ days apart	Not named in the text

Idaho Jail Standards 10.03 (Idaho Sheriffs' Association)

Other states

☐	A plan for the control of vermin and pests that includes monthly inspections. RECOMMENDED Idaho Jail Standards 10.03 (Idaho Sheriffs' Association), 10.03 (R)	The written vermin and pest control plan; monthly inspection records with dates, locations, findings and actions	Monthly, under a written plan	The facility
☐	Any necessary fumigation is done by a licensed pest control professional. RECOMMENDED Idaho Jail Standards 10.03 (Idaho Sheriffs' Association), 10.03 (R)	License of any professional who performed fumigation	Each fumigation	Licensed pest control professional

Illinois 20 Ill. Adm. Code 701.120 (County Jail Standards)

Other states

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Establish and document a continuous and effective program of insect and rodent control and extermination. Illinois 20 Ill. Adm. Code 701.120 (County Jail Standards), 701.120(g)	The written program; service and treatment documentation showing it is continuous	Continuous	Not named in the text
☐	Inspect living areas frequently to control body pests. Illinois 20 Ill. Adm. Code 701.120 (County Jail Standards), 701.120(f)(1)	Living-area inspection records	Frequently (frequency not set)	Not named in the text
☐	Take immediate control or extermination measures when body pest infestation occurs. Illinois 20 Ill. Adm. Code 701.120 (County Jail Standards), 701.120(f)(2)	Immediate-response records	Immediately on infestation	Not named in the text
☐	Protect openings to the outside with tight-fitting self-closing doors; screening no coarser than 16 mesh to the inch. Illinois 20 Ill. Adm. Code 701.120 (County Jail Standards), 701.120(a)(3)	Door, window, and screen condition records	Ongoing	Not named in the text

Indiana 210 IAC 3-1-9 (County Jail Standards)

Other states

☐	Inspect the jail weekly for evidence of insects and rodents. Indiana 210 IAC 3-1-9 (County Jail Standards), 210 IAC 3-1-9(d)	Weekly inspection records for evidence of insects and rodents	Weekly	Not named in the text
--------------------------	---	---	--------	-----------------------

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Obtain licensed extermination services to treat as often as necessary to eliminate insects and rodents. Indiana 210 IAC 3-1-9 (County Jail Standards), 210 IAC 3-1-9(d)	The provider's license and service records; records showing treatment continued until elimination	As often as necessary	Licensed extermination services
☐	Remove inmates from an area when spraying or fogging cannot properly be done with them present. Indiana 210 IAC 3-1-9 (County Jail Standards), 210 IAC 3-1-9(d)	Records of inmate relocation during spraying or fogging	Each spraying or fogging	Not named in the text
☐	A designated jail official inspects all areas at least weekly, and each living area daily. Indiana 210 IAC 3-1-9 (County Jail Standards), 210 IAC 3-1-9(c)	Weekly all-area and daily living-area inspection records	Weekly; living areas daily	Designated jail officials
☐	The Department of Correction inspects each county jail at least once a year. Indiana 210 IAC 3-1-9 (County Jail Standards), IC 11-12-4-2(a)	The Department's annual inspection report	At least annually	Indiana Department of Correction

Iowa 201 IAC 50.14 (Jail Facilities)

Other states

☐	Maintain the jail in a pest-free condition. Iowa 201 IAC 50.14 (Jail Facilities), 50.14(1)"a"(2)	Pest control service records showing the jail is kept pest-free	Ongoing	Not named in the text
☐	Anyone spraying chemicals is certified by the Iowa Department of Agriculture and Land Stewardship. Iowa 201 IAC 50.14 (Jail Facilities), 50.14(1)"a"(2)	Certification of each person who sprays chemicals	Each application	Persons spraying chemicals

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Prisoners and staff are not directly exposed to the chemicals used. Iowa 201 IAC 50.14 (Jail Facilities), 50.14(1)"a"(2)	Records showing prisoners and staff were not directly exposed during treatment	Each application	Not named in the text
☐	The chief jail inspector inspects each jail at least annually and reports the results within 45 days. Iowa 201 IAC 50.14 (Jail Facilities), 50.3	The chief jail inspector's annual report	At least annually	Chief jail inspector
<u>Kentucky 501 KAR 3:080 (Full-service jails)</u>				
Other states				
☐	The jailer or jail administrator provides for the control of vermin and pests. No frequency or provider is set. Kentucky 501 KAR 3:080 (Full-service jails), 501 KAR 3:080 §1(1)	Pest control contract, invoices, service records, and follow-up	Ongoing	Jailer or jail administrator
☐	A written preventative maintenance plan with cleaning, inspection, and trash-removal schedules. Kentucky 501 KAR 3:080 (Full-service jails), 501 KAR 3:080 §1(3)	The written preventative maintenance plan and its inspection schedule	Written plan	Jailer or jail administrator
<u>Maryland COMAR 12.14.03.05 (Adult Detention Centers)</u>				
Other states				
☐	A written housekeeping policy that provides for quarterly vermin and pest control services. Maryland COMAR 12.14.03.05 (Adult Detention Centers), 12.14.03.05A(3)(b)	The written housekeeping policy; service records for each quarter	Quarterly	Managing official of the facility

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	A written policy requiring weekly sanitation inspections of internal and external areas. Maryland COMAR 12.14.03.05 (Adult Detention Centers), 12.14.03.05A(2)	Weekly sanitation inspection records	Weekly	Managing official of the facility
☐	The Commission audit looks for a contract with a licensed exterminator and records of the services. Maryland COMAR 12.14.03.05 (Adult Detention Centers), Commission audit worksheet (rev. 4/2020)	Contract with a licensed exterminator; quarterly service records	At each Commission audit	Not named in the text

Massachusetts 103 CMR 974.00 (County Correctional Facilities)

Other states

☐	Written policy and procedure govern the control of vermin and pests. Massachusetts 103 CMR 974.00 (County Correctional Facilities), 103 CMR 974.06 (Required)	The written vermin and pest control policy and procedure	Written policy	Not named in the text
☐	When pests exist, exterminate them without hazard to inmates or employees, by a person with appropriate licensing. Massachusetts 103 CMR 974.00 (County Correctional Facilities), 103 CMR 974.06 (Required)	License of each person who exterminated; records of when pests existed and were exterminated	When pests exist	A person with appropriate licensing
☐	Sanitation inspections of all institution areas at least weekly by a designated qualified employee. Massachusetts 103 CMR 974.00 (County Correctional Facilities), 103 CMR 974.04(1)	Weekly sanitation inspection records	At least weekly	Designated qualified employee

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE

Massachusetts 105 CMR 451.000 (Health and Sanitation, Correctional Facilities)

Other states

☐	Extermination without hazard to inmates or employees, only by a person certified or licensed under M.G.L. c. 132B, § 10. The section is in the Recommended series; this sentence says "shall." RECOMMENDED Massachusetts 105 CMR 451.000 (Health and Sanitation, Correctional Facilities), 105 CMR 451.361	Applicator certification or license; treatment records	Each application	Certified or licensed pesticide applicator
--------------------------	---	--	------------------	--

☐	Tight-fitting screens, at least 16 mesh, on each window and door used for ventilation to the exterior. Massachusetts 105 CMR 451.000 (Health and Sanitation, Correctional Facilities), 105 CMR 451.141	Screen condition records for ventilation windows and doors	Ongoing	Not named in the text
--------------------------	---	--	---------	-----------------------

Michigan R 791.727 (Jails and Lockups)

Other states

☐	A written vermin and pest control plan that includes, at minimum, monthly inspections by a trained person the facility administrator designates. Michigan R 791.727 (Jails and Lockups), R 791.727	The written plan; monthly inspection records naming the trained person; the designation and the training behind it	Monthly, under a written plan	Trained person designated by the facility administrator
☐	Weekly sanitation inspections of all facility areas by a trained designee. Michigan R 791.727 (Jails and Lockups), R 791.724(a)	Weekly sanitation inspection records	Weekly	Trained person designated by the facility administrator

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	At least annual inspections by federal, state, or local sanitation and health officials where their standards apply. Michigan R 791.727 (Jails and Lockups), R 791.724(b)	Annual sanitation and health inspection reports	At least annually	Federal, state, or local sanitation and health officials

Minnesota Rules 2911 (Jail Facilities)

Other states

☐	A written plan for the control and elimination of vermin and pests. No frequency or provider is set. Minnesota Rules 2911 (Jail Facilities), 2911.7500	The written plan; inspections, findings, and treatment showing it is carried out	Written plan	The facility
☐	Policies and procedures to detect building and equipment deterioration, safety hazards, and unsanitary conditions. Minnesota Rules 2911 (Jail Facilities), 2911.7400	Maintenance records and work orders for the conditions found	Written policy	Facility administrator or designee

Montana Jail Standards 2016, 10.01

Other states

☐	Vermin and pests are controlled. The standard names no frequency, provider, or record. Montana Jail Standards 2016, 10.01, 10.01	Service or inspection records with dates, locations, findings and actions; pest complaints tied to work orders and closure	Ongoing	Not named in the text
☐	Local and state public health authorities hold powers and duties to enforce pest and vermin control measures. Montana Jail Standards 2016, 10.01, 25.05	Local health department inspection reports	As health authorities inspect	Local and state public health authorities

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

Nevada NAC 211.430 (Vermin control)

Other states

☐	Take effective measures to eliminate rodents, flies, cockroaches and other vermin. Nevada NAC 211.430 (Vermin control), NAC 211.430(1)	Pest service and inspection records showing effective measures	Ongoing	The operator of the institution
☐	Confinement premises free of vermin at all times, and kept so vermin cannot harbor or breed. Nevada NAC 211.430 (Vermin control), NAC 211.430(1)	Inspection findings showing no activity, or activity with corrective action; harborage findings closed out	At all times	Not named in the text
☐	Protect openings to the outside with tight-fitting self-closing doors, closed windows, and intact screening no larger than 16 mesh. Nevada NAC 211.430 (Vermin control), NAC 211.430(2)–(4)	Exclusion survey of exterior openings, doors, windows and screens, with repairs dated	Ongoing	Not named in the text
☐	Each health authority inspection is written up with the specific deficiencies found, and a copy goes to the institution. Nevada NAC 211.430 (Vermin control), NAC 211.130	Health authority inspection reports and the jail's record of correcting each deficiency	Each health authority inspection	Health authority inspector

New Jersey N.J.A.C. 10A:31-11 (Adult County Correctional Facilities)

Other states

☐	Staff arrange for the control of vermin and pests. New Jersey N.J.A.C. 10A:31-11 (Adult County Correctional Facilities), 10A:31-11.5(a)	The pest control contract	At contract award and renewal	Facility staff
--------------------------	--	---------------------------	-------------------------------	----------------

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Licensed pest control professionals service the facility at least once a month. New Jersey N.J.A.C. 10A:31-11 (Adult County Correctional Facilities), 10A:31-11.5(b)	Contract with a licensed professional and the license; service records showing a visit every month	At least monthly	Licensed pest control professionals
☐	Use integrated pest management practices to control the use of toxic pesticides. New Jersey N.J.A.C. 10A:31-11 (Adult County Correctional Facilities), 10A:31-11.5(c)	The integrated pest management plan (monitoring, thresholds, exclusion and sanitation before pesticides); pesticide use records	Ongoing; each application	Not named in the text
☐	Comply with federal, state and local sanitation, safety and health codes. New Jersey N.J.A.C. 10A:31-11 (Adult County Correctional Facilities), 10A:31-11.1	Health and sanitation inspection results	Ongoing	Not named in the text

New Mexico Adult Detention Professional Standards SS-06 (NMAC accreditation)

Other states

☐	A written control plan for vermin and pests that includes monthly inspection by a licensed exterminator, an extermination schedule, and documentation of inspection reports and treatment. New Mexico Adult Detention Professional Standards SS-06 (NMAC accreditation), SS-06	The written control plan; the extermination schedule	Written plan	Not named in the text
☐	Monthly inspection by a licensed exterminator. New Mexico Adult Detention Professional Standards SS-06 (NMAC accreditation), SS-06	The pest control contract; monthly inspection reports by a licensed exterminator	Monthly	Licensed exterminator

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Document inspection reports and treatment. New Mexico Adult Detention Professional Standards SS-06 (NMAC accreditation), SS-06	Inspection reports and treatment records	Each inspection and treatment	Not named in the text
☐	Show that identified deficiencies were corrected. New Mexico Adult Detention Professional Standards SS-06 (NMAC accreditation), SS-06, Process Indicators	The deficiency, the correction, and the date, for each finding	Each finding	Not named in the text

New York 9 NYCRR Part 7015 (Sanitation)

Other states

☐	Develop and implement procedures designed to eliminate insect and rodent infestation. New York 9 NYCRR Part 7015 (Sanitation), 9 NYCRR 7015.2(e)	The written procedures and records showing they are carried out	Written procedures	Each local correctional facility
☐	The chief administrative officer may prohibit or limit food accumulation in cells (permitted, not required). New York 9 NYCRR Part 7015 (Sanitation), 9 NYCRR 7015.2(e)(1)	Any limits on food in cells and how they are enforced	Written limits, if set	Chief administrative officer
☐	Use any pesticide consistent with the manufacturer's recommendations and applicable law. New York 9 NYCRR Part 7015 (Sanitation), 9 NYCRR 7015.2(e)(2)	Pesticide application records showing label-consistent use	Each application	Not named in the text

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	The chief administrative officer requests annual inspections by the local health authority. New York 9 NYCRR Part 7015 (Sanitation), 9 NYCRR 7015.3	The request, and the annual local health authority inspection results	Annually	Chief administrative officer (requests); local health authority (inspects)

North Carolina 15A NCAC 18A .1515 (adopted by 10A NCAC 14J .0701)

Other states

☐	Effective measures to keep flies, rodents and other vermin out, and to prevent their breeding or presence on the premises. North Carolina 15A NCAC 18A .1515 (adopted by 10A NCAC 14J .0701), 15A NCAC 18A .1515(a)	Pest control service records showing effective measures	Ongoing	Not named in the text
☐	Protect openings to the outer air with self-closing doors, closed windows, or 16-mesh or finer screening, unless flying insects are absent nearby. North Carolina 15A NCAC 18A .1515 (adopted by 10A NCAC 14J .0701), 15A NCAC 18A .1515(c)	Screen, door, and window condition records	Ongoing	Not named in the text
☐	Use only pesticides registered with the EPA and the North Carolina Department of Agriculture for the specific use. North Carolina 15A NCAC 18A .1515 (adopted by 10A NCAC 14J .0701), 15A NCAC 18A .1515(d)	Pesticide product records showing EPA and state registration	Each application	Not named in the text

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	The facility is inspected at least once a year. North Carolina 15A NCAC 18A .1515 (adopted by 10A NCAC 14J .0701), 15A NCAC 18A .1503	The local health department's annual sanitation inspection and demerit score	At least annually	Not named in the text
<u>Oklahoma OAC 310:670 (Jail Standards)</u> Other states				
☐	Eliminate immediately any condition conducive to harboring or breeding insects, rodents or other vermin. Oklahoma OAC 310:670 (Jail Standards), 310:670-5-6(19)	Records of conducive conditions found and eliminated, with dates	Immediately	Not named in the text
☐	Contract licensed pest control professionals, on the schedule the facility policy sets. Oklahoma OAC 310:670 (Jail Standards), 310:670-5-6(19)	The facility policy that sets the schedule; the contract and provider license; service records matching the schedule	On the schedule in facility policy	Licensed pest control professionals, under contract
☐	Delousing procedures developed with the designated medical authority and used whenever vermin are detected. Oklahoma OAC 310:670 (Jail Standards), 310:670-5-8(3)	Delousing procedures with the medical authority's sign-off; delousing records	Written procedure; each detection	Designated medical authority (coordinates)
<u>Oregon ORS 169.076 (Standards for local correctional facilities)</u> Other states				
☐	A comprehensive written policy on vermin and communicable disease control. Oregon ORS 169.076 (Standards for local correctional facilities), ORS 169.076(2)(g)	The written policy; intake screening and delousing or treatment records where the policy calls for them	Written policy	Each local correctional facility

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Keep the facility clean. Oregon ORS 169.076 (Standards for local correctional facilities), ORS 169.076(8)	Pest service and inspection records; pest grievances tied to work orders and closure	Ongoing	Each local correctional facility
☐	The Department of Corrections inspects local correctional facilities for compliance with these standards. Oregon ORS 169.076 (Standards for local correctional facilities), ORS 169.070(1)	Department of Corrections inspection reports and any corrective-measure correspondence	Each Department inspection	Oregon Department of Corrections

Oregon Jail Standards H-201 and H-108 (Oregon State Sheriffs' Association)

Other states

☐	A cleaning and sanitation policy and plan whose tasks include treatment for vermin as needed, as inspections determine. Oregon Jail Standards H-201 and H-108 (Oregon State Sheriffs' Association), H-201 (Sanitation Plan) <i>Copyrighted standard, recorded by identifier. The authority page summarizes it; the text is not reproduced.</i>	The written cleaning and sanitation plan; inspection records showing when treatment was needed and what followed	Written plan; treatment as inspections find	Jail officials
--------------------------	---	---	--	-----------------------

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Procedures for handling vermin-infested or contaminated clothing, bedding, and mattresses so vermin are not transferred to clean supplies. Oregon Jail Standards H-201 and H-108 (Oregon State Sheriffs' Association), H-108 (Vermin-Infested or Washable Biohazards) <i>Copyrighted standard, recorded by identifier. The authority page summarizes it; the text is not reproduced.</i>	Procedures and logs for handling vermin-infested clothing and bedding	Written procedure; each case	Not named in the text

Pennsylvania 37 Pa. Code Chapter 95 (County Correctional Institutions)

Other states

☐	Vermin and pests are addressed monthly by a qualified person, and every pest or vermin treatment is documented. Pennsylvania 37 Pa. Code Chapter 95 (County Correctional Institutions), 37 Pa. Code § 95.248(2) (essential)	Monthly pest and vermin records showing who addressed them and their qualifications; documentation of each treatment	Monthly; each treatment	A qualified person
☐	A written sanitation and housekeeping plan covering all prison areas. Pennsylvania 37 Pa. Code Chapter 95 (County Correctional Institutions), 37 Pa. Code § 95.248(2)	The written sanitation and housekeeping plan	Written plan	Not named in the text
☐	A monthly sanitation inspection of all prison areas, documented and submitted to the prison administrator. Pennsylvania 37 Pa. Code Chapter 95 (County Correctional Institutions), 37 Pa. Code § 95.248(2)	Monthly sanitation inspection reports submitted to the prison administrator	Monthly	Prison administrator or designee (receives the results)

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Store and prepare food to prevent damage from insects and rodents. Pennsylvania 37 Pa. Code Chapter 95 (County Correctional Institutions), 37 Pa. Code § 95.230(2)	Food storage conditions	Ongoing	Not named in the text

South Carolina Minimum Standards for Local Detention Facilities, 3003

Other states

☐	A regularly scheduled program of pest and vermin control and extermination. South Carolina Minimum Standards for Local Detention Facilities, 3003, 3003(a)	The written, regularly scheduled program; service records matching the schedule	On the facility schedule	Not named in the text
☐	Effective measures to keep flies, rodents and other vermin out, and to prevent their breeding or continued presence. South Carolina Minimum Standards for Local Detention Facilities, 3003, 3003(b)	Service and inspection records	Ongoing	Not named in the text
☐	Protect all openings to the outer air with self-closing doors, closed windows, or 16-mesh or finer screening. South Carolina Minimum Standards for Local Detention Facilities, 3003, 3003(b)	Door, window, and screen condition records	Ongoing	Not named in the text
☐	Annual inspection by the Department of Corrections Jail and Prison Inspection Division, with a follow-up. South Carolina Minimum Standards for Local Detention Facilities, 3003, 1014	The annual inspection report and the follow-up	Annually, with follow-up	Jail and Prison Inspection Division, Department of Corrections

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
------------	-------------	-------------------------	-----------	----------------------

Tennessee Corrections Institute Rule 1400-01-.09

Other states

☐	Provide for control of vermin and pests; remove inmates from treatment areas when there is a risk of illness. Tennessee Corrections Institute Rule 1400-01-.09, 1400-01-.09(5)	Pest control service records; records of inmate relocation during treatment	Ongoing; each treatment	The facility
☐	Keep housing and holding-area walls clean and free of objects that give vermin hiding places. Tennessee Corrections Institute Rule 1400-01-.09, 1400-01-.09(6)	Housing inspection records showing walls kept free of harborage	Ongoing	Not named in the text
☐	The Tennessee Corrections Institute may inspect all facilities annually; a facility that misses an applicable standard is recommended for non-certification. Tennessee Corrections Institute Rule 1400-01-.09, 1400-01-.02(4)(a)	The Institute's annual inspection and certification result	Annually	Tennessee Corrections Institute

Texas 37 TAC (Texas Commission on Jail Standards)

Other states

☐	Facility construction protects against the entrance and infestation of vermin. Texas 37 TAC (Texas Commission on Jail Standards), 37 TAC §261.147	Construction and repair records for screens, door sweeps, and other exclusion work	Ongoing	Not named in the text
--------------------------	---	---	----------------	------------------------------

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Operable windows have insect screens. Texas 37 TAC (Texas Commission on Jail Standards), 37 TAC §261.148	Window screen condition records	Ongoing	Not named in the text
☐	A written, Commission-approved sanitation plan that says how and by whom it is carried out. It sets no pest frequency or provider. Texas 37 TAC (Texas Commission on Jail Standards), 37 TAC §§279.1–279.2	The Commission-approved sanitation plan and whether it addresses pests; any pest control contract and service records	Written plan	The facility (plan approved by the Commission)
☐	Intake health screening notes the presence of lice and vermin. Texas 37 TAC (Texas Commission on Jail Standards), 37 TAC §273.4(a)(6)	Intake screening records for lice and vermin	At intake	Not named in the text

WASPC Jail Accreditation Standard 20.1 (Washington)

Other states

☐	Policy or procedures governing pest control. WASPC Jail Accreditation Standard 20.1 (Washington), 20.1 (2026)	The pest control policy or procedures; the service agreement, vendor invoice, or memo naming the provider	Written policy	The agency
--------------------------	--	---	----------------	------------

Wisconsin DOC 350.12 (Jails)

Other states

☐	Control vermin and pests with an effective, documented program. Wisconsin DOC 350.12 (Jails), DOC 350.12(10)	The written program; service reports, findings, and follow-up showing it is effective	Ongoing	Not named in the text
--------------------------	---	---	---------	-----------------------

ON FILE	REQUIREMENT	RECORD THAT SHOWS IT	HOW OFTEN	NAMED RESPONSIBLE
☐	Label containers of rodent and insect poisons prominently and distinctly. Wisconsin DOC 350.12 (Jails), DOC 350.12(10)	Labels on every container of poisonous compounds	Ongoing	Not named in the text
☐	Store poisonous compounds apart from food and kitchenware, locked and out of inmate reach. Wisconsin DOC 350.12 (Jails), DOC 350.12(10)	The locked storage location, separate from food	Ongoing	Not named in the text
☐	Safety and sanitation inspections completed and documented at least monthly. Wisconsin DOC 350.12 (Jails), DOC 350.12(13)	Monthly safety and sanitation inspection records	At least monthly	Not named in the text
☐	The Department inspects each jail at least annually for safety and sanitation, reports deficiencies, and orders them corrected. Wisconsin DOC 350.12 (Jails), Wis. Stat. § 301.37(3)	The Department's inspection report and any correction order	At least annually	Wisconsin Department of Corrections
